**** FOR IMMEDIATE RELEASE ****

TEAMSTERS UNION LOCAL NO. 115 STATEMENT ON THE PHL AIRPORT TAKEOVER OF PARKING OPERATIONS

The expensive takeover of the parking operations is worrisome given the demonstrated inability of PHL leadership to continue providing affordable and accessible parking and transportation services to passengers.

Teamsters Local 115 is disappointed that the Airport has not seriously considered passenger needs and is instead keeping the economy lot unnecessarily shuttered under the hopes of redevelopment which may not happen for years or decades to come.

Local 115 strongly encourages the City of Philadelphia and PHL leadership to seriously consider needs of travelers as well as the hundreds of hard-working employees we represent as it takes ownership of all parking operations - we certainly will.
